KEY BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)

*An **OPL** of **R 185 837 per insured person per year** applies to the following benefits. All approved claim amounts will be deducted from the available **OPL**.*

GAP BENEFIT

IN- AND OUT-OF-HOSPITAL COVER

HOW IT WORKS

We cover the **shortfalls** when:

- the cost of your medical procedure performed in a day clinic, hospital, or your healthcare provider's room is more than your medical aid plan's rate,
- as long as your medical aid pays an amount from a **hospital benefit**.

WHAT WE COVER

Our benefit adds an **additional** 300% cover to your medical aid plan's rate to cover shortfalls on your doctors', specialists' and healthcare providers' accounts related to the following in- and out-of-hospital medical events:

- blood tests;
- consumable items, such as catheters, medical gloves and syringes;
- medication administered during your medical event;
- medical procedures, surgeries and treatments;
- physiotherapy; and
- Prescribed Minimum Benefit (PMB) medical procedures.

Subject to the **OPL** of **R 185 837 per insured person per year**.

GOOD TO KNOW

- PMBs are specific benefits your medical aid must provide for a defined list of medical procedures. If your medical aid's qualifying criteria are met, you shouldn't incur any out-of-pocket medical expenses related to PMBs.
- Your medical aid could refer to a **hospital benefit** as a **risk**, **major medical**, **insured day-to-day** or **block benefit**.
- Our benefit is subject to waiting periods and the **10 Month Limited Payout Benefit** unless we confirm otherwise. Refer to the **Waiting Periods** page.

Have a look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER** to see what other shortfalls we cover.

CO-PAYMENT BENEFIT

If your medical aid requires upfront payment before you're admitted to hospital or before you go for a medical procedure, such as a laparoscopy or joint replacement surgery, it's called a co-payment or deductible.

Our benefit has **two categories**.

ADMISSION AND PROCEDURE CO-PAYMENTS

IN- AND OUT-OF-HOSPITAL COVER

HOW IT WORKS

We **refund** co-payments and deductibles that your **medical aid imposes** as rand amounts or percentages on:

- network and non-network day clinic and hospital admissions and medical procedures, such as scopes and scans done in- or out-of-hospital,
- as long as the co-payments or deductibles are paid from your **medical savings account** or **your pocket**.

WHAT WE COVER

Claim as many admission and procedure-related co-payments and deductibles as needed, as long as it doesn't exceed **R 15 000 per policy per year**.

PENALTY CO-PAYMENTS

IN-HOSPITAL COVER

WHAT WE COVER

If your medical aid has a preferred network of day clinics and hospitals you must use for planned medical procedures, you can claim the penalty co-payments from us when you choose to use non-network providers.

Limited to **R 6 500 per policy per year**.

GOOD TO KNOW

- We don't refund payments that your healthcare providers may ask you to pay to them before your medical event. This is known as split billing. We only refund co-payments and deductibles that your medical aid imposes. Ask your healthcare provider to submit a detailed account to your medical aid for payment that reflects their private fee. That way, your medical aid can pay their portion up to your medical aid plan's rate, and we can assess the shortfalls under our **GAP BENEFIT**.
- Our benefit is subject to waiting periods and the **10 Month Limited Payout Benefit** unless we confirm otherwise. Refer to the **Waiting Periods** page.

Our **CO-PAYMENT BENEFIT** also covers co-payments and deductibles specific to dentistry, childbirth and specialised radiology. Have a look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER**.

HOW IT WORKS	
We cover the **shortfalls** when your healthcare providers charge more than your medical aid plan's rate for in- or out-of-hospital cancer treatment, as long as your medical aid pays an amount from an oncology benefit.	If your medical aid plan covers in- or out-of-hospital cancer treatment up to an oncology benefit limit, we'll **top up** your cover and pay the **total cost** of your ongoing cancer treatment when your medical aid plan's benefit limit is reached.

Our benefit has **two categories**.

ACCIDENTAL EVENTS OUT-OF-HOSPITAL COVER	ILLNESS OUT-OF-HOSPITAL COVER
HOW IT WORKS	
We cover the whole family at any registered medical facility, such as your doctor's room or the emergency unit at your nearest hospital, when: • an accident caused by physical impact results in bodily injury, • and medical treatment is required **within 24 hours** of the event. We'll **refund** the **shortfalls** or **total cost** of your casualty event when your medical aid pays it from your **medical savings account** or when you pay it from **your pocket**.	Children aged **10 years** or **younger** are covered at any registered casualty facility when: • they fall ill and require medical treatment after-hours, • between **18:00** and **07:00** on Mondays to Fridays or any time on Saturdays, Sundays and public holidays. Go to any registered medical or casualty facility for a follow-up visit related to your accident to have, for example, stitches or a cast removed. You don't have to go back to the same facility. - You're covered from the first day your policy starts because this benefit isn't subject to any waiting periods.

If you go to a registered medical facility for treatment due to an accident and get admitted to hospital directly afterwards, the hospital admission becomes a new medical event, and any new claims submitted will be assessed based on the hospital admission and not the initial casualty event.

BENEFITS NOT SUBJECT TO THE OVERALL POLICY LIMIT (OPL)

*The following benefits aren't subject to the **OPL** because we give these benefits to you over and above those that form part of the **OPL**.*

PAYOUT BENEFITS

ACCIDENTAL DEATH AND DISABILITY

HOW IT WORKS

In the event of death or total and permanent disability due to an accident, a benefit amount is payable on each insured person's life.

Our benefit compensates you for any current or future costs and expenses, including any potential loss of earnings.

The benefit amount that applies to:

- the principal insured is payable to the surviving spouse or the principal insured's estate if there's no surviving spouse.
- the spouse is payable to the principal insured or the spouse's estate if there's no surviving principal insured.
- any other registered dependant is payable to the principal insured or the principal insured's estate if there's no surviving principal insured.

WHAT WE COVER

You and your spouse are covered for **R 15 000 per insured person**, and your dependants for **R 5 000 per insured person** if either one of you passes away or becomes totally and permanently disabled due to an accident.

Limited to **1 event per insured person per year**.

ACCIDENT...
a sudden, unplanned and unexpected accidental event that results in bodily injury caused by physical impact.

TOTAL AND PERMANENT DISABILITY...
bodily injury resulting in total and absolute disablement that is beyond hope of improvement that prevents the insured person from following their usual occupation or any other similar occupation for which they are suited by education or training.

GOOD TO KNOW

- You're covered from the first day your policy starts because this benefit isn't subject to any waiting periods.

FIRST-TIME CANCER DIAGNOSIS

HOW IT WORKS

When cancer is diagnosed for the first time in your life, a benefit amount is payable if the diagnosis meets specific qualifying criteria.

Our benefit applies when:

- you're diagnosed with cancer for the first time in your life after the start date of your policy;
- cancerous cells have invaded surrounding or underlying tissue; and
- cancer is diagnosed **before** age **65**.

Our benefit doesn't apply when the diagnosis is for:

- a tumour, that is histologically described as pre-malignant, non-invasive or as cancer in-situ;
- skin cancer, other than malignant melanoma;
- Stage 1 breast or prostate cancer; or when
- cancerous cells haven't invaded surrounding or underlying tissue, regardless of the stage of cancer.

WHAT WE COVER

The benefit amount payable on a first-time cancer diagnosis is **R 15 000 per insured person per lifetime**.

GOOD TO KNOW

- This benefit is subject to a **General Waiting Period**, which means you can't claim for a cancer diagnosis made during this waiting period.
- We look at the following cancer stages when assessing a claim:
  - **Stage 1** usually means the cancer is small and contained within the organ it started in.
  - **Stage 2** usually means the tumour is larger than Stage 1, but the cancer hasn't started to spread into surrounding tissues. Sometimes Stage 2 means cancer cells have spread into lymph nodes close to the tumour. This depends on the type of cancer.
  - **Stage 3** usually means the cancer is larger than Stage 2. It may have started to spread into surrounding tissues, and cancer cells in the lymph nodes are nearby.
  - **Stage 4** means cancer has spread from where it started to another body organ, such as the liver or lung. This is also called secondary or metastatic cancer.

If you're diagnosed with Stage 2 cancer that hasn't spread when the first diagnosis is made, our benefit won't apply.

FIRST-TIME CANCER DIAGNOSIS

HOW IT WORKS

When cancer is diagnosed for the first time in your life, a benefit amount is payable if the diagnosis meets specific qualifying criteria.

Our benefit applies when:

- you're diagnosed with cancer for the first time in your life after the start date of your policy;
- cancerous cells have invaded surrounding or underlying tissue; and
- cancer is diagnosed **before** age **65**.

Our benefit doesn't apply when the diagnosis is for:

- a tumour, that is histologically described as pre-malignant, non-invasive or as cancer in-situ;
- skin cancer, other than malignant melanoma;
- Stage 1 breast or prostate cancer; or when
- cancerous cells haven't invaded surrounding or underlying tissue, regardless of the stage of cancer.

WHAT WE COVER

The benefit amount payable on a first-time cancer diagnosis is **R 5 000 per insured person per lifetime**.

GOOD TO KNOW

- This benefit is subject to a **General Waiting Period**, which means you can't claim for a cancer diagnosis made during this waiting period.
- We look at the following cancer stages when assessing a claim:
  - **Stage 1** usually means the cancer is small and contained within the organ it started in.
  - **Stage 2** usually means the tumour is larger than Stage 1, but the cancer hasn't started to spread into surrounding tissues. Sometimes Stage 2 means cancer cells have spread into lymph nodes close to the tumour. This depends on the type of cancer.
  - **Stage 3** usually means the cancer is larger than Stage 2. It may have started to spread into surrounding tissues, and cancer cells in the lymph nodes are nearby.
  - **Stage 4** means cancer has spread from where it started to another body organ, such as the liver or lung. This is also called secondary or metastatic cancer.

If you're diagnosed with Stage 2 cancer that hasn't spread when the first diagnosis is made, our benefit won't apply.

KEY BENEFITS SUBJECT TO AN OVERALL POLICY LIMIT (OPL)

*An **OPL** of **R 185 837 per insured person per year** applies to the following benefits. All approved claim amounts will be deducted from the available **OPL**.*

GAP BENEFIT

IN- AND OUT-OF-HOSPITAL COVER

HOW IT WORKS

We cover the **shortfalls** when:
- the cost of your medical procedure performed in a day clinic, hospital, or your healthcare provider's room is more than your medical aid plan's rate,
- as long as your medical aid pays an amount from a **hospital benefit**.

WHAT WE COVER

Our benefit adds an **additional** 500% cover to your medical aid plan's rate to cover shortfalls on your doctors', specialists' and healthcare providers' accounts related to the following in- and out-of-hospital medical events:
- blood tests;
- consumable items, such as catheters, medical gloves and syringes;
- medication administered during your medical event;
- medical procedures, surgeries and treatments;
- physiotherapy; and
- Prescribed Minimum Benefit (PMB) medical procedures.

Subject to the **OPL** of **R 185 837 per insured person per year**.

GOOD TO KNOW

- PMBs are specific benefits your medical aid must provide for a defined list of medical procedures. If your medical aid's qualifying criteria are met, you shouldn't incur any out-of-pocket medical expenses related to PMBs.
- Your medical aid could refer to a **hospital benefit** as a **risk**, **major medical**, **insured day-to-day** or **block benefit**.
- Our benefit is subject to waiting periods and the **10 Month Limited Payout Benefit** unless we confirm otherwise. Refer to the **Waiting Periods** page.

Have a look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER** to see what other shortfalls we cover.

CO-PAYMENT BENEFIT

If your medical aid requires upfront payment before you're admitted to hospital or before you go for a medical procedure, such as a laparoscopy or joint replacement surgery, it's called a co-payment or deductible.

Our benefit has **three categories**.

ADMISSION AND PROCEDURE CO-PAYMENTS	PENALTY CO-PAYMENTS	ROBOTIC SURGERY CO-PAYMENTS
IN- AND OUT-OF-HOSPITAL COVER	IN-HOSPITAL COVER	IN-HOSPITAL COVER

HOW IT WORKS

We **refund** co-payments and deductibles that your **medical aid imposes** as rand amounts or percentages on:
- network and non-network day clinic and hospital admissions and medical procedures, such as scopes and scans done in- or out-of-hospital,
- as long as the co-payments or deductibles are paid from your **medical savings account** or **your pocket**.

WHAT WE COVER

ADMISSION AND PROCEDURE CO-PAYMENTS	PENALTY CO-PAYMENTS	ROBOTIC SURGERY CO-PAYMENTS
Claim as many admission and procedure-related co-payments and deductibles as needed. Subject to the **OPL** of **R 185 837 per insured person per year**. Benefit limits apply to PENALTY CO-PAYMENTS and ROBOTIC SURGERY CO-PAYMENTS.	If your medical aid has a preferred network of day clinics and hospitals you must use for planned medical procedures, you can claim the penalty co-payments from us when you choose to use non-network providers. Limited to **R 13 000 per policy per year**.	When co-payments apply to robotic-assisted surgeries, such as prostatectomies, we'll refund the co-payments. Limited to **R 10 000 per policy per year**.

GOOD TO KNOW

- We don't refund payments that your healthcare providers may ask you to pay to them before your medical event. This is known as split billing. We only refund co-payments and deductibles that your medical aid imposes. Ask your healthcare provider to submit a detailed account to your medical aid for payment that reflects their private fee. That way, your medical aid can pay their portion up to your medical aid plan's rate, and we can assess the shortfalls under our **GAP BENEFIT**.
- Our benefit is subject to waiting periods and the **10 Month Limited Payout Benefit** unless we confirm otherwise. Refer to the **Waiting Periods** page.

Our **CO-PAYMENT BENEFIT** also covers co-payments and deductibles specific to dentistry, childbirth and specialised radiology. Have a look at **DENTAL**, **MATERNITY** and **RADIOLOGY COVER**.

Our benefit has **three categories**.

HOW IT WORKS		
Our benefit covers the **total cost** of the reconstruction of an **unaffected** breast when your medical aid plan excludes it from cover. This benefit is exclusive to **Elite** and **Corporate Elite Plus**. It's not available on **Corporate Elite**.	We cover the **shortfalls** when your healthcare providers charge more than your medical aid plan's rate for in- or out-of-hospital cancer treatment, as long as your medical aid pays an amount from an oncology benefit.	If your medical aid plan covers in- or out-of-hospital cancer treatment up to an oncology benefit limit, we'll **top up** your cover and pay the **total cost** of your ongoing cancer treatment when your medical aid plan's benefit limit is reached.
WHAT WE COVER		
We'll cover the cost of either the flap reconstruction, insertion or removal of the breast implant. Limited to **1 event** up to **R 30 000 per insured person per lifetime**. Our benefit doesn't cover the cost to have the unaffected breast removed, but the reconstruction thereof when your medical aid plan's doesn't provide cover. We'll cover the cost of the reconstruction of the unaffected breast limited to one event per insured person per lifetime. This means our benefit won't apply if you've had a breast reconstruction on an affected or unaffected breast before your policy's start date. Shortfalls that exist when breast cancer is diagnosed and the affected breast is removed and reconstructed can be claimed from our **GAP BENEFIT**.	The shortfalls we'll cover are subject to the oncology treatment plan your medical aid approved. Our benefit typically covers: • biological medication; • chemotherapy and radiotherapy; • consultations with your oncologist; and • specialised radiology, such as bone density and PET scans. GOOD TO KNOW

- Our benefit is subject to waiting periods. Refer to the **Waiting Periods** page.

PHYSICAL REHABILITATION TOP-UP BENEFIT

OUT-OF-HOSPITAL COVER

HOW IT WORKS

If your medical aid plan covers physical rehabilitation due to an accident up to a benefit limit or the number of days you may stay at a sub-acute or step-down facility is limited, we'll **top up** your cover and pay the **total cost** of your ongoing rehabilitation when your medical aid plan's benefit limit is reached.

WHAT WE COVER

We'll cover the cost of your admission to a sub-acute or step-down facility and all the related healthcare providers' accounts for the treatment they provide on-site, subject to the physical rehabilitation treatment plan your medical aid approved.

Limited to **R 10 000 per insured person per year**.

GOOD TO KNOW

- We define a sub-acute or step-down facility as a registered facility that focuses on rehabilitation after physical injury due to an accident, where rehabilitation is provided by appropriately qualified and registered therapists.
- You're covered from the first day your policy starts because this benefit isn't subject to any waiting periods.

We don't cover physical rehabilitation related to an illness or ongoing physical rehabilitation that you may need after you've been discharged.

OUT-PATIENT SPECIALIST CONSULTATION BENEFIT

OUT-OF-HOSPITAL COVER

HOW IT WORKS

Claim the **shortfalls** from us when:

- your specialists charge more than your medical aid plan's rate for virtual or face-to-face consultations in the rooms,
- as long as your medical aid pays an amount from a **risk benefit** or your **medical savings account**.

If, for example, your medical aid pays an amount from a **risk benefit** and your **medical savings account**, the payments will be added together to see if there's a shortfall. If the two payments make up the total cost of the consultation fee, there won't be a shortfall for us to cover.

WHAT WE COVER

We'll cover the shortfalls between your medical aid plan's rate and the amount your specialists charge.

Limited to **R 1 300 per consultation** with a maximum of **3 consultations per policy per year**.

This benefit is exclusive to **Elite** and **Corporate Elite Plus**. It's not available on **Corporate Elite**.

GOOD TO KNOW

- Your medical aid could also refer to a **risk benefit** as a **hospital**, **major medical**, **insured day-to-day** or **block benefit**.
- Our benefit doesn't cover consultation fees of general practitioners or allied healthcare providers, such as biokineticists, chiropractors and physiotherapists.
- Our benefit is subject to waiting periods and will always receive a **3 Month General Waiting Period** unless we confirm otherwise. Refer to the **Waiting Periods** page.

CASUALTY BENEFIT

Our benefit has **two categories**.

ACCIDENTAL EVENTS	ILLNESS
OUT-OF-HOSPITAL COVER	OUT-OF-HOSPITAL COVER
HOW IT WORKS	
We cover the whole family at any registered medical facility, such as your doctor's room or the emergency unit at your nearest hospital, when: • an accident caused by physical impact results in bodily injury, • and medical treatment is required **within 24 hours** of the event. We'll **refund** the **shortfalls** or **total cost** of your casualty event when your medical aid pays it from your **medical savings account** or when you pay it from **your pocket**.	Children aged **10 years** or **younger** are covered at any registered casualty facility when: • they fall ill and require medical treatment after-hours, • between **18:00** and **07:00** on Mondays to Fridays or any time on Saturdays, Sundays and public holidays. All the healthcare and service providers' accounts related to your event are covered, which typically include: • basic and specialised radiology; • co-payments and deductibles; • facility and consultation fees; • medication administered; • pathology; and • external medical items given to you at the facility on the day, such as a neck brace or arm sling. Go to any registered medical or casualty facility for a follow-up visit related to your accident to have, for example, stitches or a cast removed. You don't have to go back to the same facility.	All the healthcare and service providers' accounts related to the event are covered, which typically include: • basic and specialised radiology; • co-payments and deductibles; • facility and consultation fees; • medication administered; and • pathology.

Limited to **R 12 000 per policy per year**.

GOOD TO KNOW

- Our benefit applies even if your medical aid doesn't provide cover for casualty visits.
- You're covered from the first day your policy starts because this benefit isn't subject to any waiting periods.

If you go to a registered medical facility for treatment due to an accident and get admitted to hospital directly afterwards, the hospital admission becomes a new medical event, and any new claims submitted will be assessed based on the hospital admission and not the initial casualty event.

TRAUMA COUNSELLING BENEFIT

OUT-OF-HOSPITAL COVER

When you're dealing with a traumatic event and want to see a counsellor about it, our benefit can assist with the costs.

bodily injury resulting in total and absolute disablement that is beyond hope of improvement that prevents the insured person from following their usual occupation or any other similar occupation for which they are suited by education or training.

GOOD TO KNOW

- You're covered from the first day your policy starts because this benefit isn't subject to any waiting periods.

FIRST-TIME CANCER DIAGNOSIS

HOW IT WORKS

When cancer is diagnosed for the first time in your life, a benefit amount is payable if the diagnosis meets specific qualifying criteria.

Our benefit applies when:

- you're diagnosed with cancer for the first time in your life after the start date of your policy;
- cancerous cells have invaded surrounding or underlying tissue; and
- cancer is diagnosed **before** age **65**.

Our benefit doesn't apply when the diagnosis is for:

- a tumour, that is histologically described as pre-malignant, non-invasive or as cancer in-situ;
- skin cancer, other than malignant melanoma;
- Stage 1 breast or prostate cancer; or when
- cancerous cells haven't invaded surrounding or underlying tissue, regardless of the stage of cancer.

WHAT WE COVER

The benefit amount payable on a first-time cancer diagnosis is **R 30 000 per insured person per lifetime**.

GOOD TO KNOW

- This benefit is subject to a **General Waiting Period**, which means you can't claim for a cancer diagnosis made during this waiting period.
- We look at the following cancer stages when assessing a claim:
  - **Stage 1** usually means the cancer is small and contained within the organ it started in.
  - **Stage 2** usually means the tumour is larger than Stage 1, but the cancer hasn't started to spread into surrounding tissues. Sometimes Stage 2 means cancer cells have spread into lymph nodes close to the tumour. This depends on the type of cancer.
  - **Stage 3** usually means the cancer is larger than Stage 2. It may have started to spread into surrounding tissues, and cancer cells in the lymph nodes are nearby.
  - **Stage 4** means cancer has spread from where it started to another body organ, such as the liver or lung. This is also called secondary or metastatic cancer.

If you're diagnosed with Stage 2 cancer that hasn't spread when the first diagnosis is made, our benefit won't apply.

ACCESS BENEFIT

IN- AND OUT-OF-HOSPITAL COVER

If your medical aid plan excludes any of the medical procedures listed below, you can claim the costs from us.

HOW IT WORKS

Our benefit is designed to help cover the costs of an upcoming medical procedure when:

- your medical aid plan doesn't provide cover because your medical procedure forms part of a specific list of exclusions,
- or when your medical aid plan only covers Prescribed Minimum Benefit (PMB) medical procedures but your medical procedure is listed as a non-PMB medical procedure.

You'll be required to obtain cost estimates from the service providers, such as the day clinic or hospital, and healthcare providers, such as the surgeon and anaesthetist, who you choose as the preferred providers for your upcoming medical event.

Send a claim form, and the cost estimates to us to assess. If your claim is approved, we'll issue a guarantee of payment to all the providers as an undertaking that we'll pay them directly after the medical procedure is performed.

WHAT WE COVER

We'll cover the cost of your admission to a day clinic or hospital and the related service and healthcare providers' costs up to the benefit limit specific to your upcoming medical event.
